First aid at work (RUK) Training

BILGINC
IT Academy
info@bilginc.com
bilginc.com

Duration: **3 Day**

This course is suitable for people aged 16+ who might need to provide first aid by responding to a wide range accidents, injuries and illnesses that they could encounter in their workplace.

It is ideal for organisations whose needs assessment has identified a requirement for additional first aid training, such as having employees with a disability or a medical condition.

In addition to the topics covered on an emergency first aid at work course, this course covers treatment for a variety of injuries and medical conditions.

Prerequisites

Customers must be able to carry out the practical elements from the course outline.

Minimum age 16.

First aid at work (RUK) Training
