Duration: **5 Day**

Overview

The Implementing Secure Solutions with Virtual Private Networks (SVPN) v1.0 course teaches you how to implement, configure, monitor, and support enterprise Virtual Private Network (VPN) solutions. Through a combination of lessons and hands-on experiences you will acquire the knowledge and skills to deploy and troubleshoot traditional Internet Protocol Security (IPsec), Dynamic Multipoint Virtual Private Network (DMVPN), FlexVPN, and remote access VPN to create secure and encrypted data, remote accessibility, and increased privacy.

This course will prepare you for the 300-730 Implementing Secure Solutions with Virtual Private Networks (SVPN) exam.

This course will help you:

- Acquire the knowledge and skills to enhance Internet privacy, speed, and performance
- Gain hands-on experience using the tools to ensure premium data security
- Prepare for the 300-730 SVPN exam
- What to expect in the exam

The 300-730 SVPN exam certifies your knowledge and skills related to implementing secure remote communications with Virtual Private Network (VPN) solutions including secure communications, architectures, and troubleshooting.

After you pass 300-730 SVPN exam, you earn the Cisco® Certified Specialist - Network Security VPN Implementation and you satisfy the concentration exam requirement for this professional-level certification:

- CCNP® Security

Prerequisites

Before taking this course, you should have the following knowledge and skills:

- Familiarity with the various Cisco router and firewall command modes
- Experience navigating and managing Cisco routers and firewalls
- Clear understanding of the benefits of site-to-site and Remote Access VPN options

The following Cisco courses can help you gain the knowledge you need to prepare for this course:

- Implementing and Administering Cisco Solutions (CCNA)
- Implementing and Operating Cisco Security Core Technologies (SCOR)

Target Audience

This course is designed for professionals in the following job roles:

- Network security engineer
- CCNP Security candidate
- Channel Partner
