Duration: **2 Day**

Effective performance management is one of the key drivers of organizational success. Today's leaders are expected not only to manage targets but also to support employee development, improve motivation, and create sustainable high-performance cultures. Managing Performance training helps professionals develop the skills required to manage employee performance more effectively.

Managing Performance training offered by Bilginc is designed for organizations and leaders who want to strengthen performance management processes, improve feedback culture, and enhance employee engagement.

What is Managing Performance?

Managing Performance is a professional development program focused on planning, monitoring, evaluating, and improving employee performance. Participants learn practical techniques related to goal setting, performance evaluation, feedback delivery, and employee motivation.

Benefits of Managing Performance Training

- Improves employee performance
- Strengthens leadership and communication skills
- Builds a constructive feedback culture
- Enhances employee engagement
- Increases organizational productivity
- Supports continuous improvement initiatives

Who Should Attend

This training is ideal for:

- Team leaders
- Mid-level and senior managers
- HR professionals
- Project managers
- Performance management specialists
- Professionals responsible for employee development

What You Will Learn

During this training, participants will learn how to:

- Understand performance management processes
- Apply effective goal-setting techniques
- Deliver constructive feedback
- Improve employee motivation and engagement
- Create sustainable performance improvement plans
