Overview

Facilitation Techniques for Clearer, More Impactful Meetings.

Effective meetings are the cornerstone of productive teams—but poorly planned or facilitated meetings can waste time, reduce engagement, and stall progress. “Productive Team Meeting Facilitation” equips participants with the practical skills and strategies needed to lead meetings that are focused, collaborative, and results-driven.

By the end of the course, participants will confidently lead meetings that save time, boost collaboration, and drive measurable results, transforming every gathering into a productive step toward team and organizational goals.

Who Should Attend?

- Team Leaders and Supervisors – Anyone responsible for leading team meetings who wants to make them more efficient and results-oriented.
- Project Managers – Professionals coordinating cross-functional teams and seeking better engagement and follow-through in meetings.
- Department Managers – Leaders looking to improve collaboration, accountability, and productivity in regular team gatherings.
- Emerging Leaders – Individuals preparing to take on facilitation or leadership roles and wanting to develop strong meeting skills.
- Anyone who Facilitates or Participates in Team Meetings – Employees who want to contribute to more effective, structured, and outcome-focused meetings.

Prerequisites
