Overview

The **ISO/IEC 27001 Transition** training course enables participants to understand and apply the differences between **ISO/IEC 27001:2013** and **ISO/IEC 27001:2022**.
It focuses on the revised clauses, new terminology, and updates to**Annex A controls**, as well as how to transition an existing ISMS to meet the 2022 requirements.

Upon successful completion, delegates can take the exam and earn the**PECB Certified ISO/IEC 27001 Transition** credential — validating their ability to manage and update an ISMS based on the new standard.

Why Choose This Course?

- Stay up to date with ISO/IEC 27001:2022
- Gain international recognition with PECB certification
- Learn the new Annex A structure in just one day
- Improve your ISMS transition management skills

Bilginç IT Academy is a **recognized official training partner of PECB (Professional Evaluation and Certification Board)**.
