Overview

Microsoft Word – Managing Long Documents is a 1-day, hands-on course designed for professionals who work with lengthy or complex documents such as reports, proposals, manuals, or dissertations.

Participants will learn how to use **advanced Word tools** to efficiently manage, format, and reference large amounts of text.
The course focuses on practical techniques to automate formatting, maintain consistency, and use reference tools such as **tables of contents, captions, cross-references, and indexes**.

Prerequisites

Learners should be able to:

- Use a mouse and keyboard confidently,
- Navigate within Windows,
- Create and format simple documents,
- Use proofing tools and page setup options.

Who Should Attend

This course is suitable for:

- Professionals creating or maintaining long, structured documents,
- Administrative staff, editors, or project coordinators,
- Anyone seeking to enhance their productivity and document management skills in Word.
