

How to be an 'Effective Leader'

Learn via: **Classroom**

Duration: **2 Day**

Overview

Effective leadership is crucial to the success of businesses today, when the human factor is so important. Moving, cohesive, motivating, impressive people who lead their team will have a successful management career and add value to their business.

Through this training, corporate managers and executive candidates will learn contemporary management and effective leadership techniques, and learn about situational leadership concepts and practices.

In addition to these, they will be able to effectively experience the practical management styles, the important features that should be a successful leader and manager, the aims and advantages of strategic management, and many other topics and carry them into business life.
