

TOGAF® 9 Foundation and Certified: Level 1

Learn via: **Classroom / Virtual Classroom / Online**

Duration: **2 Days**

Overview

The TOGAF® 9 standard is the foremost generic framework in the field of IS/IT Architecture. It contains substantial guidance on what to do to establish an architecture practice and then how to use it in connection with planning the longer-term transformation of the enterprise (strategic architecture), and designing capabilities to support it.

This {training} looks at the Foundation concepts of the framework (TOGAF® standard, Version 9.2). It covers the learning points required to take the TOGAF® 9 Level 1 exam, and during the course delegates will be helped to prepare for this.

Examinations

The course fee includes the cost of the exam voucher for the TOGAF® 9 Level 1 exam. You can redeem this directly with Pearson VUE when you are ready to take the exam.

Prerequisites

There are no formal pre-requisites for this {training} and certification.

What You Will Learn

At the end of this {training} you will be able to understand:

- The Architecture Development Method (ADM) - architecture process
- Guidelines and techniques for using and adapting the ADM
- The Architecture Content Framework - how to describe architecture
- The Enterprise Continuum - a classification system for architecture assets
- The TOGAF® 9 standard Reference Models - the 'building blocks' of an Information System
- Architectural Governance and Capability - governance, skills and maturity
- Course Outline
- Course Introduction
- Basic Concepts
- Core Concepts and Reference Models
- An Introduction to the ADM
- The Enterprise Continuum
- Architecture Governance
- Architecture Views and Viewpoints
- The ADM Phases
- Building Blocks and the ADM
- Key ADM Deliverables
- ADM Guidelines and Techniques
- Foundation Exam Preparation

Outline

The {training} examines the essential features of the framework. It also spans the Learning Points required to take the TOGAF® Level 1 exam, and during the course delegates will be helped to prepare for this exam.
