

Agile Project Management Foundation - AgilePM®

Learn via: **Classroom / Virtual Classroom / Online**

Duration: **2 Day**

Overview

This two-day APMG accredited course provides participants with a basic grounding in the DSDM Agile Project Management framework. The courses includes the APMG Agile Project Management Foundation exam.

Presented by skilled lecturers with extensive experience in the practical application of Agile project management, the course includes examination coaching and practice using sample questions.

This course does not cover the Scrum Framework.

Delegates should set aside time to revise for the Foundation exam in the evening after the course lecture finishes. Revision includes studying the course handbook and working through sample exam questions.

Prerequisites

There are no prerequisites for this course although it would be beneficial for delegates to have some practical experience of project work within an Agile environment.

Pre-Course Reading

While not required, delegates are encouraged to visit the DSDM Consortium's website and start to become familiar with the framework, at www.dsdm.org.
