Adobe Suite Masterclass Training

BILGINC IT Academy
info@bilginc.com
bilginc.com

Duration: **5 Day**

This five-day masterclass covers all of the most commonly used features of the three main products in the Adobe suite - Photoshop, Illustrator, and InDesign - used to produce digital and printed documents. Whether the aim is to produce social media content, flyers, adverts, brochures or tender documents then this course teaches all of the key skills required.

The course will be taught using the Adobe Creative Suite (CS6), but is suitable for those using CS5, CS6 or Creative Cloud.

Prerequisites

- Attendees do not need any prior experience of the products as anything that is required will be covered by the course.
- Delegates should have basic computer skills and know how to launch applications, browse in order to locate files, and have good keyboard and mouse skills.

Dual monitor setup is required for when attending this course via the QA Attend from Anywhere delivery method.

Target Audience

Learners wishing to master the three main products in the Adobe suite - Photoshop, Illustrator, and InDesign

What You Will Learn

- Navigate around the products' environments
- Understand resolution and colour modes
- Use Photoshop to prepare images, including working with selections, layers and retouching of images
- Use Illustrator to create vector artwork, including working with and formatting paths
- Use InDesign to create publications, including working with text, styles and graphical objects
- Output content from all three products in formats best suited for their intended audiences
