C4H340 - SAP Commerce Cloud Developer Part 1 Training

Duration: **4 Day**

BILGINÇ IT Academy
info@bilginc.com
bilginc.com

Course based on software release:

- SAP Commerce Cloud 2211

Notes:

- The course contains a set of exercises corresponding to each introduced course content. All the exercises can only be performed in a pre-configured SAP Virtual Machine (aka. SAP VM). Details about how to connect to the SAP VMs will be introduced on the first day of the course.
- Disclaimers
- This course content is valid for both the cloud and on-prem versions of SAP Commerce Cloud.
- If you are not an official SAP partner or customer (NDA signed), you cannot access the Help Documentation as shown in this course. Follow these links for registration information: Help.
- This does not affect the duration of the course. Accessing the Help Documentation is not a mandatory part of this course and therefore do not affect the educational value of the training.
