Overview

New - Learn how to be effective and efficient while appraising your team.

Appraising Performance is a dynamic live, full-day course that gives you the skills to conduct performance appraisals. You will also be provided with guidelines and best practices for evaluating and improving the work performance of employees, thereby increasing quality and productivity.

Who Should Attend?

All professionals who are responsible for appraising the performance of those they manage.

What You Will Learn

- Establish performance expectations so that desired work results are achieved in accordance with the organization's values and quality standards.
- Write a performance appraisal so that it reflects an objective evaluation of the individual's work performance.
- Prepare for a performance appraisal discussion so that there are no barriers for an effective discussion.
- Conduct a performance appraisal so that mutual understanding and cooperation is achieved and a realistic development plan to improve future performance is prepared.
- Follow up on a performance appraisal so that future performance meets expectations.
