Cloud Operations on AWS JAM Training

Duration: **1 Day**

BILGINC IT Academy
info@bilginc.com
bilginc.com

This one day event is aimed at learners with existing AWS Cloud SysOps experience or who have ideally attended the AMWSSO 'AWS Cloud Operations' course. In this AWS Jam, a gamified event, you will work in a team, competing to score points by completing a series of challenges according to established best practices based on concepts covered in the Cloud Operations course course. You will get to experience a wide range of AWS services in a series of real-world scenarios that represent common operational and troubleshooting tasks. The end result is developing, enhancing, and validating your skillsets in the AWS Cloud through real-world problem solving, exploring new services, features, and understand how they interoperate

Please note, should you require the full three day 'Cloud Operations on AWS' with this AWS JAM event please book on our AMWSSOJ4D 'Cloud Operations on AWS with AWS JAM' instead.

Prerequisites

You will have experience working with AWS cloud services and ideally you will have attended our AMWSSO 'AWS Cloud Operations' course
