Business Ethics Training

BILGINC IT Academy
info@bilginc.com
bilginc.com

Duration: **1 Day**

Learn how to leverage ethics for business performance.

In this full day live instructor-led class, you will learn about the decision-making process to solve ethical dilemmas, understanding barriers and consequences when making ethical decisions, and the process for blowing the whistle when unethical situations arise. Course activities also cover identifying common managerial ethical issues, being proactive with ethical issues, addressing subordinates' ethical issues, identifying causes of unethical behavior, recognizing unethical behavior, and ending unethical behavior in the workplace.

You will also become proficient with organizational ethical principles and the four categories of corporate social responsibility. Finally, you will learn how to develop a code of ethics and execute an internal ethical audit. This course is filled with interactive exercises that help ensure student success.

Who Should Attend?

Any professional interested in learning more about Business Ethics.

What You Will Learn

- Ethical decisions
