ITIL® 4 Specialist: Create, Deliver and Support Training

Duration: **3 Day**

BILGINÇ IT Academy
info@bilginc.com
bilginc.com

In this 3-day hands-on training, you'll explore **how to build, deliver, and support** IT-enabled products and services in a structured, value-driven way.

Beyond the technical processes, you'll gain deep insight into team culture, collaboration, communication, innovation, and how to apply modern technologies like automation, AI, and continuous deployment to improve service quality.

Bilginç IT Academy is an officially **Accredited Training Organisation (ATO)** by **PeopleCert**, the global leader in professional certification and exam delivery.
As an authorized PeopleCert partner, we deliver accredited training and official certification exams for **ITIL®, PRINCE2®, DevOps, and other PeopleCert-certified programs**, ensuring our learners receive globally recognized credentials with the most up-to-date curriculum.

Important Information:
This course is an official program accredited by PeopleCert and is offered **only together with the corresponding certification exam**. The course fee **includes the exam fee**.
Participants can take the certification exam online through PeopleCert's examination system and earn an internationally recognized certificate.
This practice is mandatory to ensure compliance with PeopleCert's quality standards and accreditation guidelines.

ITIL® is a registered trademark of the PeopleCert group. Used under licence from PeopleCert. All rights reserved.

Prerequisites

To attend this course, you must hold an ITIL® 4 or ITIL® v3 Foundation certificate.
This ensures all participants have the essential baseline knowledge to dive deeper into advanced service management practices.

ITIL® 4 Specialist: Create, Deliver and Support Training

Duration: **3 Day**
