87% of learners would recommend this course.

- **Step into management with confidence and empower your team from your first day in the role.**
- **Designed for professionals preparing for or beginning their first management position.**
- **Create a personalised 90-day roadmap to turn your learning into practical results.**

Moving into a **management role** involves much more than receiving a new job title. It requires a shift in **mindset**, the development of new skills and the ability to lead people effectively while making a meaningful contribution to team performance.

Stepping Up to Management is a **three-day immersive training course** designed to help new and aspiring managers make a successful transition into management.

Throughout the programme, participants explore practical **management tools, techniques and frameworks** that help them **build trust**, **empower team members** and **improve performance**.

The course also addresses challenges commonly faced in today's workplace, including **hybrid working arrangements**, **change management**, **team dynamics** and **employee motivation**.

Through interactive activities, reflection and practical exercises, learners develop their own management approach. By the end of the programme, each participant creates a **personalised 90-day management roadmap** to help apply the skills and insights gained during training.

Prerequisites

There are no prerequisites for attending this course.

Who Should Attend

This training is particularly suitable for:

- **Professionals moving into their first management role**
- **Aspiring managers preparing for future management responsibilities**
- **Existing managers who want to strengthen their skills and increase their confidence**
