bilginc.com

Duration: **2 Day**

New - Learn the functions and tools of business finance.

In this full day live instructor-led class, you will examine financial statements—including the balance sheet, income statement, cash flow statement, and statement of stockholders' equity—as guides to fiscal health. You will also identify what you want to gain from a budget and describe the steps of budgeting to meet these goals. Finance and Budgeting Essentials for Business Professionals grounds you in the functions and tools of finance.

Who Should Attend?

All business professionals who want to learn more about business finance.

What You Will Learn

- Describe the importance and major elements of financial statements.
- Use balance sheets to determine the assets a company has at its disposal.
- Interpret income statements to identify corporate earnings, expenses, and profitability.
