Moving into a management role is an exciting career milestone, but it also comes with new responsibilities and challenges. **Starting Strong as a New Manager** is a practical leadership development course designed to help first-time managers build confidence, establish credibility, and develop the essential skills needed to lead effectively from day one.

The program focuses on helping participants successfully transition from individual contributor roles into leadership positions. Through interactive discussions, practical exercises, and real-world workplace scenarios, learners will strengthen their abilities in **Communication**, **Performance Management**, **Team Leadership**, **Decision-Making**, **Problem-Solving**, and **Leadership Development**.

This course provides a strong foundation for long-term management success by equipping new leaders with the tools and mindset required to motivate teams, manage performance, and drive positive results.

Prerequisites

There are no formal prerequisites for this course.

However, the following experience may be beneficial:

- Experience working within a team environment
- Leadership potential or informal leadership responsibilities
- Recently promoted supervisors or managers
- Team coordination experience

Who Should Attend

This course is ideal for:

- New Managers
- First-Time Supervisors
- Emerging Leaders
- **Team Leaders**
- Employees preparing for management responsibilities
- Professionals developing leadership skills
- Individuals responsible for leading and supporting teams
