Overview

An ineffective audit can lead to serious consequences — process failure, customer dissatisfaction, or even regulatory noncompliance.
This **2-day Internal Auditor Training Course** provides the knowledge and skills needed to perform internal audits that enhance your organization's **Quality Management System (QMS)** and maintain ISO 9001:2015 compliance.

Through this training, you'll gain confidence in **planning, performing, and reporting audits**, as well as following up with corrective actions that drive improvement.
You will learn to assess how well processes align with ISO 9001:2015 requirements and how to identify opportunities for efficiency and effectiveness.

This course follows the **ISO 19011:2011 Guidelines for Auditing Management Systems**, ensuring your internal audits are objective, consistent, and valuable to your organization.

Why Take This Course

This course builds your internal auditing skills to ensure your organization maintains compliance while driving operational excellence.
By the end, you'll not only understand **what ISO 9001 requires**, but also **how to evaluate and improve** your organization's performance effectively.
