Duration: **2 Day**

Overview

This training is designed for professionals aiming to enhance their performance in B2B (Business-to-Business) sales environments. It focuses on long-term relationships, high-value deals, complex buying processes, and multiple decision-makers.

Participants will gain both theoretical knowledge and practical skills in areas such as customer needs analysis, value-based selling, negotiation techniques, and CRM technologies. The program includes real-life sales scenarios and group work for applied learning.

Prerequisites

Open to all professionals with sales experience or those looking to transition into B2B sales roles.

Who Should Attend

- Sales executives and managers
- Corporate account managers
- Business development and marketing professionals
- Professionals aiming to improve their B2B selling skills
- Entrepreneurs with growth-oriented goals

What You Will Learn

- Understand how corporate buyers make decisions
- Build trust-based, long-term relationships
- Present solutions with ROI-driven value
- Master objection handling and negotiation techniques
- Develop strategic sales plans using CRM tools
- Apply skills in real-world roleplay and group exercises
