+44 20 3807 0925
+90 212 282 7700

Overview

The **IIBA® Agile Business Analysis Training** helps professionals apply agile principles to business analysis for faster, value-driven product delivery.
It follows the **IIBA® Agile Extension to BABOK® Guide**, enabling participants to lead in dynamic, iterative environments.

Who Should Attend

- Product Owners & Product Managers
- Business Analysts & Consultants
- Project Managers
- Agile Team Members
- Enterprise Architects

What You Will Learn

Participants will:

- Understand the **IIBA Agile Analysis Framework**
- Learn to define and manage product backlogs effectively
- Write clear, testable **User Stories** and acceptance criteria
- Align Agile analysis with business strategy and value delivery

IIBA® Agile Business Analysis Training

Duration: **2 Day**
