S46800 - Configuring Cross-Application Processes in SAP S/4HANA Sales and Procurement Training

Duration: **3 Day**

BİLGİNÇ IT Academy
info@bilginc.com
+44 20 3807 0925
+90 212 282 7700

Overview

This course provides a comprehensive overview of key cross-functional business processes that integrate SAP S/4HANA Sales and Procurement. Participants will explore both the business concepts and configuration settings required to implement processes such as third-party order processing, intercompany sales, stock transfers, subcontracting, and returns management. The course also explains the financial postings generated throughout these integrated scenarios.

Software Version

This course is based on:

- SAP S/4HANA 2023

Prerequisites

Essential

- **S46000 – Exploring SAP S/4HANA Sales Essentials**
- **S45000 – Exploring the Basics of External Procurement in SAP S/4HANA**
