Mastering Microsoft Teams Deployment and Administration Training

Duration: **3 Day**

BILGINC
IT Academy

info@bilginc.com
bilginc.com

This course covers Microsoft Teams for Administrators. Delegates will learn the following including hands on labs

- Microsoft Teams Features and Functionality
- Microsoft Teams planning and deployment considerations
- Microsoft Teams Administration tools and role models
- Microsoft Teams Meetings functionality and administration
- Microsoft Teams Messaging and Channels
- Microsoft Teams Security and Compliance features
- Microsoft Teams Reporting
- Microsoft Teams calling features and administration

Prerequisites

Important This course may require the use of Multifactor Authentication (MFA). Please read this page and download the Microsoft Authenticator app (or similar app) prior to attending the course:

https://www.qa.com/resources/faqs/mfa-requirements/

Please see the below Microsoft article for further information on reasons for the MFA requirement:

https://learn.microsoft.com/en-us/entra/identity/authentication/concept-mandatory-multifactor-authentication

Delegates should have a basic understanding of what Microsoft Teams is and basic computer skills.

Note: This course is for people involved in Microsoft Teams Administration, not end users.

Whilst this is not a PowerShell course, as PowerShell is one of the core administrative tools within Microsoft 365 products - there will be PowerShell steps referenced within the course and used in the labs. Where PowerShell is used in the labs Students can either copy and paste the instructions, or in most exercises use a GUI alternative method (though sometimes a GUI alternative is not available). A high level understanding of what PowerShell is would be very beneficial, but not absolutely essential for this course.

Instructors will demonstrate features throughout the event. Optional lab exercises are available for students to complete using a commercial Microsoft 365 tenancy provided for each student free of charge by QA. This tenancy lasts for 30 days.
