Overview

The **ITIL® 5 Foundation Certificate** introduces learners to the latest version of the ITIL framework — the world's leading standard for **digital service management**.

This **2-day official course** provides an in-depth understanding of the **ITIL Value System**, **Value Chain**, **Four Dimensions of Service Management**, and **Guiding Principles** that shape modern IT service delivery and co-creation of value.

The training prepares learners for the **official PeopleCert ITIL 5 Foundation exam**, included with the course.

Bilginç IT Academy is an officially **Accredited Training Organisation (ATO)** by **PeopleCert**, the global leader in professional certification and exam delivery.
As an authorized PeopleCert partner, we deliver accredited training and official certification exams for **ITIL®, PRINCE2®, DevOps, and other PeopleCert-certified programs**, ensuring our learners receive globally recognized credentials with the most up-to-date curriculum.
