Overview

Are you looking to get a deeper understanding of how to facilitate better Agile events and meetings? Whether you are a Scrum Master, Agile Coach or performing another facilitation role in an Agile team, this certification takes a hands on practical approach to learning essential Agile facilitation skills. that you can immediately apply back at the workplace.

During the 2-day Team Facilitation learning event, you will explore the Facilitators mind-set and practise facilitation tools and techniques for effectively designing meetings and workshops that will engage and motivate your entire audience, driving team effectiveness and success.

By attending this course, you will learn the art of facilitation, building your own facilitator toolkit through practical activity-based learning. Developing your ability to facilitate teams will support you in fostering collaboration and enabling self-managing teams back in your place of work.

Upon completion of this course, you'll earn the ICA Certified Professional in Agile Team Facilitation (ICP-ATF) certificate which is the first step on the ICA Coaching track.

Prerequisites

Learners will be expected to have a grasp of fundamental Agile concepts, some knowledge or experience of working in an Agile team would be beneficial but not essential.

For virtual delivery, learners will require the use of WebEx and the ability to access boards on Miro.com.

ICA Fundamentals is a recommended pre-requisite course.

Target Audience

Agile team leaders or aspiring team leaders with a passion for leadership and a desire to learn and practise the art of facilitation in the context of team facilitation and coaching.

Relevant roles include:

- Scrum Masters,
- Agile Project Managers,
- Agile Coaches and aspiring coaches,
- Product Owners,
- Business Analysts,
- Anyone with the desire to explore the power of facilitation.
