Duration: **5 Day**

Overview

The **SAP SuccessFactors Platform Introduction Academy course** provides a comprehensive introduction to configuring the **SAP SuccessFactors HCM Suite** platform. It is designed for consultants who want to gain hands-on experience with platform tools and configuration.

This is a **5-day training** combining self-paced learning, live check-in sessions, and hands-on exercises.

This training covers:

- SAP SuccessFactors platform tools and features
- Admin Center configurations
- Role-Based Permissions (RBP)
- Metadata Framework (MDF) and business rules

Primarily designed for consultants, but also suitable for customers seeking deeper configuration knowledge.

Based on Software Release

- SAP SuccessFactors HCM Suite

Notes

This course does **not provide certification**.

Provisioning access is granted only to **SAP partner consultants**.

Customers and independent consultants do not receive provisioning access.

Registration for virtual classes closes **one week before the start date**.

Prerequisites
