

Mastering Power Apps

Learn via: **Classroom / Virtual Classroom / Online**

Duration: **3 Gün**

Overview

This course is a follow-on course to [Power Apps Essentials] designed to cover some of the more technical aspects of Power Apps. The course is targeted at more technical power users and IT staff that will be supporting and implementing Power Apps in their business.

Prerequisites

Students should already be familiar with Microsoft Excel, Office 365 and SharePoint Online. Due to the accelerated nature of this training class, it is also recommended that students have some hands-on experience with Power Apps. Attendance of the QA course [Power Apps Essentials] is the recommended way for new students to gain the appropriate experience.
