Overview

The **ISO 9001:2015 QMS Lead Implementer** course equips participants with the knowledge and leadership skills required to establish, implement, and manage a **Quality Management System (QMS)** within their organizations.

This course combines the ISO 9001 requirements with best-practice implementation strategies and leadership principles such as motivation, effective delegation, and organizational change management.

Why Choose This Course?

- Gain hands-on knowledge of QMS implementation
- Learn proven leadership and management techniques
- Drive organizational improvement and customer satisfaction
- Build a foundation for ISO 9001 certification readiness

Bilginç IT Academy is a **recognized official training partner of PECB (Professional Evaluation and Certification Board)**.
Through this partnership, we deliver **globally accredited PECB-certified training programs**, enabling professionals to gain international recognition and practical expertise in areas such as Artificial Intelligence Management, Information Security, Environmental, and Quality Management Systems.
