Overview

The **ISO/IEC 20000-1:2018 Requirements Training Course** provides a comprehensive understanding of the **Service Management System (SMS)** standard and its application within an organization.

By attending this 2-day course, you'll gain the knowledge to interpret and apply ISO/IEC 20000-1 requirements, understand how the standard enhances service delivery, and recognize its integration potential with other management systems such as **ISO 9001** and **ISO/IEC 27001**.

Through practical examples and expert-led discussions, you'll learn how implementing an SMS can improve efficiency, consistency, and customer satisfaction — helping your organization demonstrate a professional commitment to world-class service management.

Key Benefits

Benefit	Description
In-depth Knowledge	Gain a clear understanding of ISO/IEC 20000-1 principles and structure
Practical Application	Learn to apply service management requirements effectively
Integration Awareness	Understand how ISO/IEC 20000-1 aligns with ISO 9001 and ISO/IEC 27001
Service Excellence	Improve efficiency, reliability, and customer satisfaction
