Managing Difficult Workplace Behaviors is a practical leadership training program designed to help managers and team leaders effectively address challenging behaviors in the workplace while maintaining professionalism and fostering a positive work environment. Difficult employee behaviors can negatively impact team morale, productivity, communication, and overall organizational performance. This course equips participants with proven strategies to understand, manage, and resolve workplace challenges constructively.

Throughout the program, learners will develop skills in **conflict resolution**, **effective communication**, **behavior management**, **coaching techniques**, **constructive feedback**, and **team culture development**. Through real-world scenarios, role-playing exercises, and practical discussions, participants gain the confidence needed to handle sensitive situations and encourage positive behavioral change.

This course is ideal for leaders who want to strengthen team performance, improve workplace relationships, and create a culture of accountability and collaboration.

Prerequisites

A foundational understanding of leadership and team management concepts is recommended.

Suggested prerequisite course:

- **Mastering Management Skills with Influence and Impact**

Who Should Attend

This course is ideal for:

- **Managers**
- **Supervisors**
- **Team Leaders**
- **HR Professionals**
- **Employee Relations Specialists**
- **Project Managers**
- **Emerging Leaders**
- Professionals responsible for managing teams
