Overview

Advance your skills beyond PRINCE2 Agile Foundation. Learn to lead teams, apply agile practices, and use agile tools effectively across your organization.

Prerequisites

Learners must hold a valid version of one of the following certifications:

- PRINCE2 Agile Foundation (Version 2)
- PRINCE2 Agile Foundation (Version 1)
- PRINCE2 Agile Practitioner (Version 1)

PLEASE NOTE - If a learner has completed either certification of Version 1, they will need to order the new e-book

Target Audience

This course is designed for:

- Scrum Masters
- Agile Coaches
- Project Managers
- Business Analysts
- Product Owners
- Product Managers
- Change Managers
- Project Managers
- Project Coordinators

What You Will Learn

By the end of this course, learners will be able to:

- Apply the agile mindset ('being agile' and 'doing agile') to PRINCE2 context.
- Tailor PRINCE2 principles, themes, practices and roles to agile performances.
- Implement PRINCE2 Agile practices: business case, organisation, plans, quality, risk, issues, progress.
- Adapt PRINCE2 processes and workshops across all project phases using agile approaches.
- Extend PRINCE2 Agile methods into product management, operations, continuous delivery and AIsupported practices
